

Methanol Test Stand

- Capability to test individual pump or entire packaged system
- Testing capability to 20,000 PSI
- 100% Methanol – 500 gallon tank
- 200 HP / 1750 RPM motor
- 10 speed gear box - 142 RPM to 1798 RPM
- Back pressure valves available
 - Hydroplex HR-20 – 20,000 PSI
 - Skoflo multibank – 15,000 PSI
 - FMC Choke – 15,000 PSI
- MP autoclave / autoclave hose discharge
- Cooling / heat exchanger
 - 7 ½ HP air exchange unit
 - High Flow shell & tube water cooled heat exchanger
- Temperature sensors
 - Inlet to test pump
 - Return to Tank
- Operating Temps: 30° to 100° F
- Filters (3) ea 3- micron cartridge filter
- ARO 1-1/2 AOD charge pump
